IN MEMORY
GARDNER: In loving remembrance of my husband and our Daddy, T. J. Gardner, who passed away 8 years ago today, December 18, 1953.
To have, to love, and then to part,
Is the greatest sorrow of our heart;
The years may wipe out many things,
But this they wipe out never.
The memory of those happy days
When we were all together.
Memories are treasures no one can steal,
Death leaves a heartache no one can heal,
Some have forgotten you now that you are gone,
But we will remember no matter how long.
Our thoughts wander as twilight fades,
To the land of long ago;
And memory paints the scenes of old
In the gold of the twilight glow.
We seem to see in the soft dim light
A face we loved the best.
We think of you most when the sun's last rays
Go down in the far off west.
—Sadly missed by
Wife and Children.

FFA WORKS FOR WILDLIFE IMPROVEMENT

Above picture shows Wendle Scott and Cornelius Moore weighing in seed for planting game food patches. The Robert E. Lee FFA Chapter distributes several hundred pounds of seed annually for wildlife improvement.

VIRGINIA RANKS EIGHT IN WHITETAIL KILL

Big game inventory figures released by the U. S. Fish and Wildlife Service show that Virginia's record 9/0 white-tailed deer kill of 36,165 animals ranked eighth in the nation. Texas led the list in total whitetail kill with 175,000 animals, followed by Minnesota with 95,300 and Michigan with 76,800. Oregon, Utah, Colorado and Montana were close contender, with Texas for the nation's highest total deer kill with state-wide takers of mule deer and blacktails in excess of 100,000.

The whitetail kill in Maine, which has a reputation as a big deer hunting state, only exceeded Virginia's total take by about 1,500 animals. North Carolina reported a kill of 20,000 whitetails West Virginia claimed 15,828 deer taken, and Maryland recorded 6, 182 kills.

OVER ONE MILLION FISH STOCKED LAST YEAR

A total of 1,072,303 fish were stocked in Virginia waters last year by the Commission of Game and Inland Fisheries, according to Bob Martin Fish Division Chief. Most of the fish planted were brook, rainbow, and brown trout. A total of 686, 924 one-year-olds and 80,818 two-year-olds were released in suitable waters to keep pace with the tremendous angling pressure on these species.

In addition, 68,431 smallmouth bass and 105,695 largemouth bass were stocked in streams and lakes throughout the Old Dominion. The remaining fish planted in various waters throughout the year included 85,701 bluegill, 12,802 channel catfish, 4,510 black crappie, 30,000 rock bass and 422 redear sunfish.

The Virginia Game Commission operates two trout production facilities, - the Marion Trout Hatchery in Smyth County and the Montebello Trout Nursery in Nelson County. The Fish Cultural Station in King and Queen County is the source of warm water species including largemouth bass and bluegills. Cool water species are raised at the Front Royal Station.

OLD CUSTOMS LIVE

Christmas in the United States reflects a heritage of customs from many lands and times.

Trees, candles, holiday carols, and other well - loved traditions, came, like the people of the U. S., from many other countries. In many communities, people still celebrate Christmas as their ancestors did.

The U. S. has made its contributions to Christmas customs around the world, too.

Santa Claus, bearded and red-suited, was first pictured in "The Night Before Christmas," by Dr. Clement Moore. Sweet decorations, Santas in stores, and special store displays of gifts are U. S. ideas, that have been accepted on a global scale.

Pakistan reports loss of lands by erosion.
